People often watch films. A film is a type of communication. It uses moving pictures and sound to tell people a story. These are feature films. Some films just inform us about something and help us to learn. For example, we can watch such a film at school. There are educational TV channels too. We watch movies at home or go to the cinema. Some movies look great on a big screen but for others it is not important. We can buy a disc with a film or watch it on TV at home. It is great to watch a film with friends in the evening.
